DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brooke Quist on 06/08/04.

The application has been amended as follows:

- Cancel claims 14-15.

Allowable Subject Matter

Claims 1, 3, 5-6, 8, 10-12, 16, 18-20 are allowed.

The following is an examiner's statement of reasons for allowance:

The examiner has reviewed the prior art in light of applicant's claimed invention and finds that the claims define over the prior art. The prior art does not disclose or suggest inter alia the limitations of a semiconductor laser having a laser beam-emitting facet, the semiconductor laser

Art Unit: 2828

comprising: a light-emitting region formed on the laser beam-emitting facet; an indicator region spaced at a distance from the light-emitting region; and a three dimensional marker indicating the location of the light-emitting region, wherein the three dimensional marker is located in the indicator region, and wherein the three-dimensional marker is at least one of a concavity and a convexity formed on the laser beam-emitting facet in the indicator region.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
